Sales as a Service

Introduction

Utilizing the expertise of our sales team, we assist you in various sales-related activities, including formulating sales strategies, exploring new sales channels, and understanding your customers' requirements. Our team offers essential resources and tools that may be unavailable to your team, facilitating the development of effective sales strategies. Furthermore, we provide guidance and sales coaching to enhance your sales performance and identify avenues for business growth.

(Open to discuss) To support your business development, we contribute 50% of the required costs in exchange for equity, becoming your business partner.

Goals

- Increase your sales and generate more leads
- Connect with sales reps
- Build a successful sales strategy
- Get advice from professional sales consultants
- Find new sales channels for your product or service
- Get support in implementing and executing your sales strategy

Advantages of Sales as a Service

Cost-Effective Solution:

- Offering low-cost fees compared to hiring local Canadian employees, our services provide a budget-friendly alternative, allowing Vietnamese companies to allocate resources more efficiently and effectively.

Established Network and Contacts:

- Benefit from our established network and contacts within the North American market. Our local presence allows for quicker and more effective relationship-building with potential clients, partners, and industry stakeholders.

Customized Approach:

- Tailoring our services to the unique needs of Vietnamese companies, we provide a personalized and flexible approach to sales representation. This ensures that strategies align with specific market demands, optimizing the chances of success.

Proven Track Record of Effectiveness:

- Demonstrating a track record of successfully assisting Vietnamese companies in expanding into the North American market, our services have consistently delivered tangible results. This includes increased market share, revenue growth, and strengthened brand presence.

Our Differentiators

- Long-term commitment entails covering 50% of business development costs through equity or a newly incorporated entity. (After 6 months of using our services, we are open to discussion.)
- We become your business partner, setting us apart from typical outsourcing arrangements.
- Our sales specialists collaborate with your team to improve overall sales performance.
- Tasks include crafting sales strategies, advising on effective sales techniques, and identifying gaps.
- Data analytics focus on gathering and analyzing market trends and customer data for informed decision-making.
- Tips provided on optimal sales channels and strategies to enhance customer satisfaction.

How we help

Our team of sales experts manages sales-related tasks and collaborates closely with your team to identify gaps and enhance the overall sales performance of your business. This involves crafting sales strategies and offering guidance on effective sales techniques to boost sales and foster positive customer relationships.

Additionally, our team delves into data analytics by collecting and analyzing information about your target market, staying updated on the latest market trends, and understanding your target customers. This assists you in making well-informed decisions and developing appropriate strategies. Furthermore, we provide insights and recommendations on optimal sales channels to reach your customers, along with advice on ways to improve customer satisfaction.

- Identifying fresh sales channels
- Enhancing customer loyalty
- Reaching out to new customers
- Venturing into new markets
- Implementing marketing strategies to elevate sales
- Evaluating and advising on pricing strategies
- Conducting product testing and gathering feedback
- Exploring beneficial partnerships for increased sales
- Enhancing SEO and SEM to augment traffic and leads.
